Are there rules for any agreed in-year milestones that result in payment?	Split: 1.25% - lists to GP practices (0.3125% per quarter achieved) 1.25% for bi-annual evaluation reports (0.625% for each achieved)
Are there any rules for partial achievement of the indicator at the final indicator period/date?	Full achievement for each indicator each quarter will result in full payment for that indicator for that quarter
