OR

3b After making enquiries the Directors of the Licensee have a reasonable expectation, subject to what is explained below, that the Licensee will have the Required Resources available to it after taking into account in particular (but without limitation) any distribution which might reasonably be expected to be declared or paid for the period of 12 months referred to in this certificate. However, they would like to draw attention to the following factors (as described in the text box below) which may cast doubt on the ability of the Licensee to provide Commissioner Requested Services.

OR

3c In the opinion of the Directors of the Licensee, the Licensee will not have the Required Resources available to it for the period of 12 months referred to in this certificate.

Statement of main factors taken into account in making the above declaration

In making the above declaration, the main factors which have been taken into account by the Board of Directors are as follows:

In making the above declaration in the absence of an Operational Planning round 2020/21, the Board has taken into account the confirmed "block contract" arrangements for the period between April 1st and July 31st 2020 and "top-up" payments for the impact of COVID-19. Verbal assurances have been received from NHSI in respect of financial arrangements for the rest of 2020/21 and the Board anticipates written confirmation that the required resources will be made available. The Board has kept and will keep resources under review on an at least monthly basis to identify any risks as they arise and to put appropriate mitigations in place.
