

Publications by Research staff in Sussex Community NHS Foundation Trust

Sellers, D. (2016) Questions about aspiration for children with eating, drinking, and swallowing difficulties. *Dev Med Child Neurol.* 58(6):530. doi: 10.1111/dmcn.13092.
Published online 17.02.2016

Sellers, D. (2015), The impact of orofacial dysfunction in cerebral palsy' *Developmental Medicine & Child Neurology.* doi: 10.1111/dmcn.12897

McCuish, W. Bearne, L. (2014) 'SERVICE EVALUATION -Do Inpatient Multidisciplinary Rehabilitation Programmes Improve Health Status in People with Long-Term Musculoskeletal Conditions? A Service Evaluation' *Musculoskeletal. Care* © 2014 John Wiley & Sons, Ltd.

Reilly, C., **P. Atkinson**, et al. (2015). "Factors associated with quality of life in active childhood epilepsy: A population-based study." *Journal of European Paediatric Neurology Society:* 1-6.
Published online 07.01.2015

Reilly, C., **P. Atkinson**, et al. (2014). "Parent- and Teacher-Reported Symptoms of ADHD in School-Aged Children With Active Epilepsy: A Population-Based Study." *Journal of Attention Disorders.*
Published online 21.11.2014

Reilly, C., **P. Atkinson**, et al. (2014). "Screening for mental health disorders inactive childhood epilepsy: Population-based data." *Epilepsy Research.* 108(10): 1917-1926.

Reilly, C., **P. Atkinson**, et al. (2014). "Academic achievement in school-aged children with active epilepsy: A population-based study." *Epilepsia:* 55(12): 1910-1917.

Reilly, C., **P. Atkinson**, et al. (2014). "Pathological Demand Avoidance in a population-based cohort of children with epilepsy: Four case studies." *Research in Developmental Disabilities* 35(12): 3236-3244.

Reilly, C., **P. Atkinson**, et al. (2014). "Neurobehavioural Comorbidities in Children with Active Epilepsy: A Population-Based Study." *Pediatrics Official Journal of the American Academy of Pediatrics* 133(6): e1586-93.

Evans, C. J., Y. Ho, et al. (2014 June). "Place and Cause of Death in Centenarians: A Population-Based Observational Study in England, 2001 to 2010." *PLOS Medicine* 11(6): e1001653.

McGill K, **Bryant E**, Walker-Bone K. (2014) To what extent are risk factors for osteoporosis and fracture measured and recorded among children with severe and complex disabilities: an audit. *Osteoporosis International* 25 (s6) s684-s685. Abstract presented at the National Osteoporosis Conference, Birmingham, Dec 2014.

Killian L, **Bryant E & Sellers D.** (2014) The clinical use of functional classification systems for children and young people with cerebral palsy. *Developmental Medicine & Child Neurology* (Vol 56), Supplement s4, p32. Abstract presented at the *European Academy of Childhood Disability*, Vienna, July 2014.

Cowan D, Rogers J, Najafi L, Panthi F, Wade W, Lievesley R, Adam T and Long D (2014) Electronic Assistive Technology. In: Taktak A, Ganney P, Long D and White P eds. *Clinical Engineering: a handbook for clinical and biomedical engineers.* Academic Press, pp.359-388.

Cowan D, Smith M, Gardiner V, Horwood P, Morris C, Holsgrove T, Mayhew T, Long D and Hillman M (2014) Mechanical and Electromechanical Devices. In: Taktak A, Ganney P, Long D and White P eds. *Clinical Engineering: a handbook for clinical and biomedical engineers.* Academic Press, pp.407-432.

Sellers D, Mandy A, Pennington L, Hankins M and Morris C (2014) Development and reliability of a system to classify the eating and drinking ability of people with cerebral palsy. *Developmental Medicine & Child Neurology.* 56 (3) 245–251.

Cowan D and Judge S (2014) Recent advances in assistive technology and engineering (RAATE) – a UK perspective. *Disability and Rehabilitation: Assistive Technology*. 9 (1) 31- 32.

Sellers D, Pennington L, Mandy A and Morris C (2014). A systematic review of ordinal scales used to classify the eating and drinking abilities of individuals with cerebral palsy. *Developmental Medicine & Child Neurology*. 56 (4) 313-322.

Bryant E, Pountney T, Williams H (2013). Can a six-week exercise intervention improve gross motor function for non-ambulant children with cerebral palsy? A pilot randomised controlled trial. *Clinical Rehabilitation*. 27 (2) 150-159.

Underhill J, Bryant E, Pountney T (2012) The effect of sleep systems on sleep-wake patterns and pain levels in non-ambulant children and young people with cerebral palsy. *Association Paediatric Chartered Physiotherapy (APCP) Journal*. 3 (1) 57-64.

Sellers D, Carter M, Ford S, Hankins M, Mandy A, Pennington L, Pountney T and Morris C (2012). Development of a functional classification system of eating and drinking ability for individuals with cerebral palsy. *Developmental Medicine and Child Neurology* (2012) May 54 (S3) 8. Abstract presented at the European Academy of Childhood Disability, Turkey, July 2012.

Crombie S (2012). Exploring the physical management of children with cerebral palsy in the mainstream primary school setting. *Developmental Medicine and Child Neurology* (2012) May 54 (S3) 5. Abstract presented at the European Academy of Childhood Disability, Turkey, July 2012.

Moore A, **Bryant E**, Olivier G (2012). Development and use of a standardised data collection tools to support and inform musculoskeletal practice. *Manual Therapy*, 17 (6) 489-496.

Pountney T, Williams H and **Bryant E** (2011) Effectiveness of an intensive six week graded exercise programme for non-ambulant children and young people with cerebral palsy. *Physiotherapy*. 97; Supplement 1; eS1016-eS1017. Abstract presented at the World Congress Physical Therapy, Amsterdam. June 2011.

McCarthy GT, Green EM, Ogunbona O, Simmonds HA, Fairbanks L, **Pountney T, Bryant E**. (2011) A population study of Lesch-Nyhan disease in the UK. *Developmental Medicine & Child Neurology* 53 (1) 34-39.

Khan Y & Underhill J (2012) Identification of sleep problems by questionnaire in children with severe cerebral palsy - Chailey Heritage Clinical Services ©

K Saber-Sheikh, **E C Bryant**, C Glazzard, A Hamel and R Lee (2010). Feasibility of using inertial sensors to assess human movement. *Manual Therapy*. 15; 122-125.

Pountney T, Mandy A, Green E and Gard PR. (2009) Hip subluxation and dislocation in cerebral palsy – a prospective study on the effectiveness of postural management programmes. *Physiotherapy Research International* 14 (2) 116-127.

Marchant, R. (2009) Making Assessment Work for Children with Complex Needs in The Child's World The Comprehensive Guide to Assessing Children in Need. ed J. Howarth. Jessica Kingsley Publishers, London. ISBN: 978-1-84310-568-8.

Almond S, Allott L and Hall K (2008) Feeding Children with Neurodisabilities in Clinical Paediatric Dietetics, Third Edition (eds V. Shaw and M. Lawson), Blackwell Publishing Ltd, Oxford, UK. doi: 10.1002/9780470692004.ch30

Najafi L, Friday M, Robertson Z. (2008) Two case studies describing assessment and provision of eye gaze technology for people with severe physical disabilities. *Journal of Assistive Technologies* 2 (2): 6-12.
