Your Urgent Care Centre at Crawley Hospital

Transforming Urgent Care Crawley

Caroline
Senior Sister
Urgent Care Centre
The planned improvements will help save hundreds of patients each year from travelling to hospitals further afield.”

Clinical Chief Officer of NHS Crawley Clinical Commissioning Group, Dr Amit Bhargava

From August 2016 – January 2017 the Urgent Care Centre (UCC), formerly known as the Urgent Treatment Centre, is undergoing a multi-million pound redevelopment to create an enlarged and modernised reception area, separate waiting areas for young children and for teenagers, and an improved Clinical Assessment Unit featuring more assessment beds, ensuring the best possible experience for patients living in Crawley, Horsham and Mid Sussex.

The UCC will remain fully operational throughout the improvement works and is accessible at any time for when it’s not an emergency.

Your Urgent Care Centre can treat most injuries or illnesses that are not life-threatening, including chest infections, minor head and eye injuries, broken bones, sprains and strains, minor burns and scalds, bites and stings.

This major initiative is driven by NHS Crawley Clinical Commissioning Group and NHS Horsham and Mid Sussex Clinical Commissioning Group, and constructed by Morgan Sindall, under operational direction from Community Solutions Partnership Services Limited.

“The revamped UCC forms part of the CCGs’ 5 Communities Plan, designed to bring services closer to the communities they serve, namely Crawley, Horsham, East Grinstead, Burgess Hill and Haywards Heath.”
